Policy on Reporting the Annual Disclosure of Crime Statistics

The safety and well-being of all members of our community is of great concern for the school. All of us are dedicated to making the campus a safer place to live and work. A safe environment depends on the cooperation and involvement of individuals in safeguarding themselves and others. We encourage all members of the school's community to use this report as a guide for safe practices on and off campus. The school prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. We work with school offices and public agencies, such as the local police department, to compile the information. Each entity provides updated information on their educational efforts and programs to comply with the act.

This publication contains information to aid in the cooperative effort of keeping the campus safe. It contains specific information on safety and security, crime prevention, policies relating to reporting crime, campus disciplinary procedures, and crime statistics reported from 2018, 2019, and 2020. These statistics reflect reported crimes that occurred on campus controlled by the school, and on public property that is immediately adjacent to and accessible from the campus.

This publication is usually posted on the school's website by October 1 each year. We notify all students, staff, and faculty via email. You can obtain this report online at: www.libs.edu

All current or prospective faculty, staff, and students can also obtain a paper copy by visiting the Admission Office, requesting from an owner or by writing to:

Campus Safety and Security

Campus Safety and Security is a team effort and we are committed to ensuring the safety and security of the school community. We work with liaisons with our local emergency responders such as the Fire Department, the Police Department and County Emergency Management.

Fire Alarm Systems and Crime Prevention Services

The security alarms are monitored by third party vendor.

Relationship with Local Law Enforcement Agencies

The school maintains a close working relationship with law enforcement and communicates items of mutual concern with them. Each jurisdiction dispatches officers when a crime is reported, when the school requests them, or when an arrest may be made. The School Director meets with law enforcement about campus issues to discuss mutual concerns, coordinate programs, and exchange information.

Off-Campus Criminal Activity

The school does not provide services for off-campus criminal activity involving students. Off campus criminal activity is handled through local law enforcement and will be redirected to the appropriate law enforcement agency. The school coordinates with contacts on city, county and state levels on a frequent basis to receive follow-up reports on criminal activities that may affect the campus.

Weapons Policy

The possession or use of firearms, explosives, dangerous chemicals or other dangerous weapons or instrumentalities on campus is prohibited by New York Law. Violation of this policy by students, faculty, staff or visitors to the campus may be subject to disciplinary actions and/or civil or criminal citation.

Crime Prevention Tips

- Be aware of your surroundings.
- Travel in groups at night whenever possible, especially when walking.
- Use lighted walkways and thoroughfares, even if it means going out of your way.
- Walk briskly, with your head up, and with assurance. Do not walk in brush-covered areas or against buildings.
- Do not wear dangling jewelry when traveling into the city. Keep purses, backpacks, and money belts close to the body, and do not leave them unattended.
- Do not struggle if someone attempts to take your property.

Safety when Coming and Going to Campus

- Cross streets safely. Cross at using cross walks and traffic signals. Make eye contact with drivers and do not assume that the driver can see you. If you are not in a crosswalk wait until there is no traffic to cross.
- Lock your bicycle with a high-security lock.
- Park your vehicle in a well-lit and populated area. If this is impossible, scan the area before getting into or out of your vehicle. Know your surroundings!
- Get into your vehicle briskly, quickly, and confidently.
- Avoid becoming too absorbed with the task at hand, such as keeping your head down at the key lock, occupying yourself with bags, books, or keys; staying alert can help prevent your becoming a target for crime.
- Keep keys in hand to avoid unnecessary delay.
- Always plan ahead, even if you are late or in a rush.

Report Suspicious Activity/Object on Campus

Report suspicious activity or suspicious object to an Educator or staff member immediately, if you feel you are in immediate danger call 9-1-1. Reporting suspicious activity/objects as soon as possible are essential in reducing campus crimes. You would be assisting Campus Safety in promoting a safe, secure, and welcoming educational environment. Never hesitate to contact school staff regarding your own or someone else's safety on campus.

Timely Warnings Notification Policy

In the event that a situation arises either on or off campus that, in the judgment of the school, constitutes an ongoing or continuous threat, a campus "timely warning" will be issued. The warning will be issued to students and employees in a timely manner, and it will withhold the names of victims as confidential. The goal of the warning is to aid in the prevention of similar occurrences. Depending on the circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals with the school team may employ several different mechanisms to notify the campus of the threat. In all cases, the warning will be issued through the school e-mail system to students, faculty, staff and the campus.

The purpose of Crime Alerts is to notify the campus community of the incident in a timely manner and to provide information that may enable community members to protect themselves from similar incidents. Crime Alerts are issued whenever the following criteria are met:

- A crime is committed.
- The perpetrator has not been apprehended; and
- There is a substantial risk to the physical safety of other members of the campus community because of this crime.
- The school determines that the incident represents an ongoing threat to the campus community.
- Such crimes include, but are not limited to one of the following Clery crimes that are reported in good faith to any campus security authority or the local police:
 - Criminal Homicide, including: Murder, /Manslaughter by Negligence;
 - Sex Offenses, including Rape, Assault with Sexual Motives (Fondling), Incest, and Statutory Rape;
 - Robbery;
 - Aggravated Assault;
 - Major Incidents of Arson; and
 - All other Clery crimes as deemed appropriate.

All available information known at the time will be taken into consideration when evaluating the need for a timely warning. Those considerations include, but are not limited to:

- The nature and seriousness of the crime,
- When and where the incident occurred,
- When it was reported,
- The duration of time between the victim and perpetrator,
- The patterns or trends of other incidents,
- The continuing danger to the campus community, and
- The risk of compromising law enforcement efforts or identifying the victim. Although each case will be evaluated on an individual basis, timely warnings will not be issued when:
 - A report is filed more than five (5) calendar days after the date of the alleged incident, unless it is determined that there is a continuing threat to the community;
 - A report is filed anonymously or by a third party and there is not enough information to evaluate the situation;
 - The pertinent information has not been acquired;
 - The suspect has been apprehended;
 - The report is made in bad faith;

- There is a possible risk of compromising law enforcement efforts; or
- The incident reported does not pose an ongoing threat to the campus

Emergency Response and Community Notification of Immediate Threat

An “immediate threat” is a significant emergency or dangerous situation on campus involving imminent danger to the health and/or safety of students, faculty, staff or guests, such as a natural disaster, act of terrorism or an active shooter. When a serious threat to campus safety occurs, The school coordinates with other first responders, which might include local fire and police to properly mitigate the threat to the campus. Depending on the nature and size of the incident, other local, state and federal agencies might be called upon to assist. You will be notified about emergencies in one or more of the following ways:

Daily Incident/Crime/Fire Log

The school maintains a daily incident/Crime/Fire log, which is written in an easily understood format and describes the basic nature of the incident, date reported, general location, and the disposition, if known. We enter new reports or update previous ones within 72 hours after receiving the information. The log records all crimes reported to Campus Safety and Security.

Classification of Crimes

Crimes listed herein are classified using the FBI Uniform Crime Reporting Handbook and relevant federal law (the Clery Act). Please see definitions listed later in this report. For murder/non-negligent manslaughter, negligent manslaughter, rape, forcible fondling, incest and statutory rape, aggravated assault, domestic violence, dating violence and stalking the number of victims is indicated. For robbery, burglary, larceny, vandalism and arson, one offense is counted per distinct operation regardless of the number of victims. For motor vehicle theft, each vehicle taken (or attempted to be taken) is counted separately. For liquor, drug and weapons violations, the statistics indicate each person arrested. Incidents of domestic violence, dating violence and stalking are counted according to the underlying crime—i.e., property crimes and robbery are counted by operation and crimes against persons except robbery are counted by the number of victims. Hate crimes are not considered distinct offenses but are crimes (such as assault or vandalism) motivated by the suspect’s bias. Most hate crimes are counted in the crime statistics in this brochure. The exceptions are simple assault, intimidation, larceny, vandalism and other crimes that involve bodily injury that are not included in the required reporting categories but are reported separately as hate crimes. Starting in 2014, crimes motivated by prejudice against a victim’s national origin and crimes motivated by prejudice against a victim’s gender identity are also reported as hate crimes.

Reporting Criminal Actions and Emergencies

Always dial 911 for emergencies or crimes in progress on or off campus that require police, fire, or medical response. Students, faculty, staff, and visitors should also notify school officers. Reports will be included in annual statistical compilations and the daily incident log when appropriate and will be evaluated for timely warning consideration. You can report incidents to other officials at the Long Island Beauty School, including directors and heads of administrative units. These reports in turn will be communicated to Campus Security lead for disposition. These reports will also be included in annual statistical compilations.

The school will help members of the Long Island Beauty School community contact outside law enforcement agencies such as local police and other reporting authorities. When we receive a report of an urgent situation, we contact local police and/or fire when appropriate. School staff will conduct preliminary investigations of reported incidents. We contact the local authorities, when appropriate, if any criminal information is discovered or other emergency responder agencies such as fire or medical.

Policy Statements Relating to Sexual Assault, Dating Violence, Domestic Violence and Stalking

Long Island Beauty School is committed to establishing and maintaining a safe working and learning environment that is free from violence. The school has published policies that describe its prevention and response processes, which include:

Sexual misconduct is prohibited by the code, which includes committing, or aiding, soliciting, or attempting the commission of, the following prohibited conduct: Sexual assault, sexual harassment, sexual exploitation, indecent exposure, stalking, and intimate partner violence, including both dating and domestic violence. The code also prohibits retaliation against those who file a complaint, grievance, or allegation of misconduct under any school policy or rule or under any law; participate in and/or cooperate with an investigation; appear as a witness at a hearing; or oppose an unlawful act, discriminatory practice, or policy. The school revised the Student Conduct Code to reflect the campus' compliance with developing laws, regulations, and guidance, particularly relating to adjudicating sexual misconduct matters.

Non-discrimination and Affirmative Action

This policy has the goal of promoting an environment that is free of discrimination, harassment, and retaliation. It prohibits sexual harassment, which is unwelcome and unsolicited language or conduct that is of a sexual nature and that is sufficiently severe, persistent, or pervasive that it could reasonably be expected to create an intimidating, hostile, or offensive working or learning environment, or has the purpose or effect of unreasonably interfering with an individual's academic or work performance.

Workplace Violence Policy

These behaviors include relationship violence and stalking.

4. The stalker either:

The program introduces new employees to the school's culture, shared values, leadership and key policies. Additionally, individual schools, colleges, and administrative departments offer their own training programs for new employees and current employees.

Procedures Victims Should Follow in the Case of Alleged Dating Violence, Domestic Violence, Sexual Assault, or Stalking

The school maintains a Sexual Assault Resource website for those impacted by sexual assault, dating/relationship violence, domestic violence, or stalking. This website is intended to provide comprehensive information about the available resources, reporting options, and school response policies and procedures. In addition, the school's Title IX website provides information about policies, 2023 Campus Crime Report

code, education, outreach, reporting, and support resources. The Title IX website also includes a Know Your Rights & Resources guide, which includes information about resources and school processes. Following are the steps an individual who has experienced sexual misconduct may take.

Contact the School's Confidential Advocates

Individuals are urged to contact one of the school's confidential advocates, who can provide a private place for individuals to seek support, information, and assistance. They can also provide individuals with support in taking any or all of the following steps. Disclosures made to a confidential advocate do not constitute a report to the institution for the purposes of initiating an investigation. Individuals have the right to report sexual misconduct to the administration, to the police, to both or not at all. If individuals do choose to report to the police or the school, the advocates can provide individuals with information and support in reporting.

The advocates can also assist with how to apply for Orders of Protection, regardless of whether individuals make a police report. Orders of Protection can make it illegal for a person to contact individuals. The advocates can also assist individuals with implementing an order at the school.

Advocates have limitations to confidentiality when on notice of:

- Abuse and neglect of a child under the age of 18
- Elder abuse or the abuse of a disabled adult
- A plan for suicide or harm to others

Confidential advocates may also be required to disclose information that is otherwise protected from disclosure in response to a valid subpoena or court order.

Seek Medical Care and Forensic Exams

Individuals are urged to seek medical care. Medical care after a sexual assault can be helpful for treating or preventing illness and injury. It is also an important way to preserve evidence. Not all hospitals provide forensic exams/rape kits. If individuals are interested in evidence collection, as well as medical care, individuals must go to a hospital with trained Sexual Assault Nurse Examiners (SANE). SANE nurses are specially trained to work with patients who have been sexually assaulted.

Important things to know:

- Individuals are not required to make a police report to get a SANE exam.
- There is no charge for a SANE exam.
- Individuals may bring a friend or family member with them.
- Preserving evidence keeps options open in case individuals decide to report.

It is recommended to be treated as soon as possible; evidence is best collected within 120 hours (five days) of the assault. Information relating to local hospitals and SANE nurses is available on the [Sexual Assault Resources](#) website.

Seek Support for Safety Planning

The school can assist individuals by implementing safety measures, such as arranging for housing, academic and work accommodations, and/or providing assistance with transportation planning. These safety measures can be implemented when reasonably available and may be on an interim or permanent basis. The school will maintain the confidentiality of any safety measures provided to the extent practicable. Safety measures are available whether or not a report is made to the administration or local law enforcement.

Seek Counseling

For support, the school offers several options for counseling services. Counseling can assist with recovery from a traumatic experience.

Seek Disability Accommodations

If individuals are experiencing impacts of a medical condition or the experience has triggered an existing condition, they should consider seeking accommodations through the school offices.

Consider Reporting to the School

The school provides procedures for the investigation and resolution of complaints relating to domestic violence, relationship violence, sexual assault, stalking or retaliation. The school will respond to complaints regardless of whether a complaint is filed with a law enforcement agency. Following is the contact information:

Long Island Beauty School
Title IX Investigation Office
mpercoco@libs.edu

Consider Reporting to Law Enforcement

The local police department supports members of the Long Island Beauty School community with its Sexual Assault Response Commitment that pledges to assist with courtesy, sensitivity and professionalism.

Reporting the incident to the police is encouraged regardless of the availability of evidence. The school also has long, collaborative relationships with local authorities. These departments have recently entered into a memorandum of understanding that confirms and clarifies this collaboration, including how information is shared between these departments.

Seek Supportive Measures

If individuals decide they want the school to conduct an investigation or they make a report to the police, the school will evaluate and implement supportive measures designed so that they can avoid contact with the other person while an investigation is ongoing. The types of supportive measures that the school can put in place will depend on their unique circumstances and needs and the impacts on the other person.

Options for supportive measures may include, but are not limited to:

- Issuing a no-contact directive that prohibits contact between them and the other person; and/or
- Adjusting the other person's campus work or academic schedules.

Seek Other School and Community Resources

The school has a variety of other services available including legal assistance, visa and immigration assistance, and student financial aid assistance. Information about available services at the school and in the local community can also be obtained from a confidential advocate or on the Sexual Assault Resource webpage.

Procedures the School will Follow in the Case of Alleged Dating Violence, Domestic Violence, Sexual Assault, or Stalking

When students or employees report to the administration that they have experienced sexual assault, dating/relationship violence, domestic violence, or stalking, they will be provided with written notification of:

- information about preserving evidence, which may be necessary to the proof of a crime or in obtaining a protection order; from whom they may formally request an investigation of the alleged offense, including options regarding law enforcement and campus authorities and their options to notify proper law enforcement authorities, including on-campus and local police; r
- Receive assistance in notifying law enforcement authorities if they choose; and declines to notify such authorities; Their rights and the school's responsibilities regarding protection orders, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court;
- Grievance or investigation procedures for allegations of domestic violence, dating violence, sexual assault, or stalking, all of which will:
- Provide a prompt, fair, and impartial investigation and resolution; be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that

- protects the safety of those involved and promotes accountability;
- provide the complainant and respondent with the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice;
- simultaneously inform the complainant and the respondent, in writing, of the outcome of any disciplinary proceeding; the school's procedures for the complainant and respondent to appeal the results of the disciplinary proceeding, if available; of any change to the results that occurs prior to the time that such results become final; and when the results become final.
- Possible sanctions or remedial measures that the school may impose following a final determination of a disciplinary procedure;
- Information about how the school will protect confidentiality and/or privacy, including how publicly available recordkeeping will be accomplished without the inclusion of identifying information, to the extent permissible by law;
- Information about existing health, mental health, victim advocacy, legal assistance, and other services both on-campus and in the community;
- Options for, and available assistance in, changing academic, living, transportation, and working situations, if requested, and if such accommodations are reasonably available, regardless of whether they choose to report the crime to campus police or local law enforcement.

Anyone who has concerns that they have not appropriately received this information should contact: Miriam Percoco, Title IX Coordinator

Procedures for School Investigation and Disciplinary Action

The process the Long Island Beauty School will follow to investigate and resolve the complaint depends on the relationship to the school of an Individual against whom the complaint is made. The school's processes for investigation and resolution of complaints are as follows:

Investigations are designed to provide a prompt, fair, and impartial complaint investigation and resolution, and to equitably protect the rights of individuals participating in the investigation.

Participants may be supported by an advisor that may be an attorney throughout the process. The following is general information about the investigation process. The individuals who conduct school investigations or participate in school hearings receive, at a minimum, annual training on the issues related to domestic violence, relationship violence, stalking, sexual assault, and retaliation and on conducting investigations and hearings that fosters safety, equitable treatment of the parties, and that promote accountability.

First, a staff member of the investigation office meets with each complainant to gather information about the complaint and to provide information about the complaint process, including the complainant's rights and options under this and other school policies. After initial review of the complaint, the complainant will be informed of the action the administration will take. Before an investigation is opened, protective measures will be considered and implemented as they are reasonably available. Protective measures may include changing academic, living, transportation, and/or working arrangements, and taking steps to limit contact between the individuals involved. As necessary, investigation offices will assist individuals potentially at risk with safety planning, either directly or with the assistance of other school offices, such as the confidential advocates or Safe Campus.

When an investigation is opened, the subject of the investigation will be provided with a written explanation of their rights and options under this and other relevant school policies and information about the investigation process. The assigned investigator will gather evidence, conduct interviews of the complainant, subject, and witnesses. During the investigation, the complainant and the subject will have the opportunity to identify witnesses and provide the investigator with evidence.

The school strives to complete the investigation within 60 days. The school uses a "preponderance of evidence" standard to determine whether a violation of school policy has occurred.

"Preponderance of evidence" means that based on all of the relevant evidence, the facts demonstrate that it is "more likely than not" that the subject of the investigation violated one or more

school policies. The complainant and the subject of the complaint will concurrently be informed in writing of the result of the investigation, the rationale for the result, and whether there is an option to appeal a result. The result includes any initial, interim, or final decisions. The school's goal is to complete investigations within 60 business days. This timeframe may need to be extended depending on the complexity of the matter or to coordinate with law enforcement. The school follows the Student Conduct Code or the Faculty Code in matters where a student or faculty member is the subject of a complaint. In accordance with these processes, a hearing may be convened to assess the evidence relating to the complaint, make findings, and determine appropriate actions, if any. The complainant and subject will be concurrently informed in writing of the result of the hearing, the rationale for the result, and whether there is an option to seek an appeal. The result includes any initial, interim, or final decisions.

Information relating to an investigation is kept confidential by the investigation offices and is provided only to those persons who have a legitimate educational or business need to know, including the subject of the complaint, witnesses, the administrative head of the school unit involved, the Title IX Coordinator, and the appropriate human resources staff and/or the Student Services Office, as necessary. Some information relevant to the investigation may be protected from disclosure, such as healthcare information protected by the Health Insurance Portability and Accountability Act (HIPAA) or student records protected by the Family Educational Rights and Privacy Act (FERPA).

Confidentiality and Recordkeeping

Information relating to an investigation is kept confidential by the investigation offices and is provided only to those persons who have a legitimate educational or business need to know, including the subject of the complaint, witnesses, the administrative head of the the unit involved, the Title IX Coordinator, and the appropriate human resources staff and/or the Student Services Office, as necessary. Records retained by school offices may be subject to disclosure under New York Law, unless otherwise protected from disclosure by law. Some information, such as healthcare information protected by the Health Insurance Portability and Accountability Act (HIPAA) or other state laws, student records protected by the Family Educational Rights and Privacy Act (FERPA), or information that is otherwise exempt from the Public Records Act, will not be subject to disclosure under that Act. Information retained in school records that is otherwise protected from disclosure, may be subject to disclosure pursuant to a valid subpoena or court order. In accordance with the Clery Act, the school must also disclose statistical information relating to crimes of domestic violence, relationship violence, stalking, sexual assault, in its annual security report and issue timely warnings. This reporting is done without disclosing personally identifying information relating to the victim of such crimes, including information likely to disclose the location of the victim.

Sex Offenders

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, the Family Educational Rights and Privacy Act of 1974, and Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921), the Long Island Beauty School provides a link to the New York State Sex Offender Registry. All sex offenders are required to register in the State of New York. Institutions of higher education in New York are notified if that person is employed, carries a vocation or is a student at that institution: <https://www.criminaljustice.ny.gov/nsor/>

In addition, all sex offenders are required to deliver written notice of their status as a sex offender to the school no later than three (3) business days prior to their enrollment in, employment with or volunteering at the school. Such notification may be disseminated by the Long Island Beauty School to, and for the safety and well-being of, the campus community, and may be considered by the the school for enrollment and discipline purposes.

Missing Person Policy and Protocol

In compliance with the Higher Education Opportunity Act (P.L. 110-315), The school maintains a missing student policy and includes the option to register a confidential contact for investigation of a missing person, how to report a missing person, and notification protocol for persons determined to

2023 Campus Crime Report

be missing.

- The school will notify the designated person or persons within 24 hours of the determination that the student has been determined to be missing by law enforcement.
- This contact information will be confidential and will be accessible only to authorized school officials, and it will not be disclosed except to law enforcement personnel involved in a missing person investigation.
- For students who are 18 years of age or older, this notification to the designated emergency contact person will be done within but no later than 24 hours after the student is determined to be missing.

How to Report a Missing Person

If you believe a person is missing, you can report to any of the following law enforcement or campus security authorities on campus:

- Local Police Department: Dial 911
- Campus Safety & Security Department
- If you report a missing person to any school official, that official must make a report to the local police authority immediately.

Missing Person Protocol

When the school employees receive a report of a student who is missing more than 24 hours and lives in student on-campus housing, school protocol includes the following, which must be performed within 24 hours of receiving the report:

- The school employee notifies Campus Safety & Security and local police.
- An administrator accesses the missing student's confidential contact and releases the information to police or to the confirmed requesting law enforcement agency.
- Either the school or a law enforcement agency notifies the missing student's emergency contact typically parent(s) or guardian(s)) if he/she is less than 18 years old and not legally emancipated.
- The Police Department will initiate a police investigation for a missing person and will notify the appropriate law enforcement agency of all confirmed missing students as necessary. Additionally, if a student registers multiple emergency contacts, a school official and/or Police will contact all registered persons even if one of the contacts states the student is not missing, unless the person reported missing contacts the school or the law enforcement agency. Police will document all unsuccessful attempts at locating the missing person as part of their investigation.

Access to Campus Facilities

Long Island Beauty School has an environment allowing individuals to move freely around the campus; however, the school restricts access to its facilities to members of the academic

community and bona fide guests. Your vigilance is essential in helping Campus Safety and Security promote campus safety and reduce campus crime. In order to uphold this policy, all students, faculty, and staff must have a name badge and present it when requested by a school official. Individuals who do not have legitimate business or academic reasons for being on campus and who refuse to comply with a request to leave, may be subject to being trespassed from the campus or arrested by the local police department.

Academic and Administrative Buildings

The school is open 6 days a week Monday thru Saturday. While classes are in session exceptions are reserved events or cleaning schedules may impact exterior building access doors. Faculty, staff and students are encouraged to work with their supervisors for any access needs. Other areas may be scheduled to unlock as needed for scheduled reserved events.

On-Campus Student Housing

Off-Campus Student Housing

The school does not provide off-campus housing. Students should contact landlords directly about off-campus rentals or property.

School community members uphold institutional policies and abide by local, state, and federal laws pertaining to alcohol and other drugs. Individuals accept personal responsibility for the outcome of their decisions regarding alcohol and other drugs. 9. Conviction of a different charge. A driver may be convicted of a violation of subdivision one, two or three of this section, notwithstanding that the charge laid before the court alleged a violation of subdivision two or three of this section, and regardless of whether or not such conviction is based on a plea of guilty.

10. Plea bargain limitations. (a) (i) In any case wherein the charge laid before the court alleges a violation of subdivision two, three, four or four-a of this section, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of the provisions of one of the subdivisions of this section, other than subdivision five or six, and no other disposition by plea of guilty to any other charge in satisfaction of such charge shall be authorized; provided, however, if the district attorney, upon reviewing the available evidence, determines that the charge of a violation of this section is not warranted, such district attorney may consent, and the court may allow a disposition by plea of guilty to another charge in satisfaction of such charge; provided, however, in all such cases, the court shall set forth upon the record the basis for such disposition.

(ii) In any case wherein the charge laid before the court alleges a violation of subdivision two, three, four or four-a of this section, no plea of guilty to subdivision one of this section shall be accepted by the court unless such plea includes as a condition thereof the requirement that the defendant attend and complete the alcohol and drug rehabilitation program established pursuant to section eleven hundred

ninety-six of this article, including any assessment and treatment required thereby; provided, however, that such requirement may be waived by the court upon application of the district attorney or the defendant demonstrating that the defendant, as a condition of the plea, has been required to enter into and complete an alcohol or drug treatment program prescribed pursuant to an alcohol or substance abuse screening or assessment conducted pursuant to section eleven hundred ninety-eight-a

of this article or for other good cause shown. The provisions of this subparagraph shall apply, notwithstanding any bars to participation in the alcohol and drug rehabilitation program set forth in section eleven hundred ninety-six of this article; provided, however, that nothing in this paragraph shall authorize the issuance of a conditional license unless otherwise authorized by law.

(iii) In any case wherein the charge laid before the court alleges a violation of subdivision one of this section and the operator was under the age of twenty-one at the time of such violation, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of such subdivision; provided, however, such charge may instead be satisfied as provided in paragraph (c) of this subdivision, and, provided further that, if the district attorney, upon reviewing the available evidence, determines that the charge of a violation of subdivision one of this section is not warranted, such district attorney may consent, and the court may allow a disposition by plea of guilty to another charge in satisfaction of such charge; provided, however, in all such cases, the court shall set forth upon the record the basis for such disposition.

(b) In any case wherein the charge laid before the court alleges a violation of subdivision one or six of this section while operating a commercial motor vehicle, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of the provisions of one of the subdivisions of this section and no other disposition by plea of guilty to any other charge in satisfaction of such charge shall be authorized; provided, however, if the district attorney upon reviewing the available evidence determines that the charge of a violation of this section is not warranted, he may consent, and the court may allow, a disposition by plea of guilty to another charge in satisfaction of such charge.

(c) Except as provided in paragraph (b) of this subdivision, in any case wherein the charge laid before the court alleges a violation of subdivision one of this section by a person who was under the age of twenty-one at the time of commission of the offense, the court, with the consent of both parties, may allow the satisfaction of such charge by the defendant's agreement to be subject to action by the commissioner pursuant to section eleven hundred ninety-four-a of this article. In any such case, the defendant shall waive the right to a hearing under section eleven hundred ninety-four-a of this article and such waiver shall have the same force and effect as a finding of a violation of section eleven hundred ninety-two-a of this article entered after a hearing conducted pursuant to such section eleven hundred ninety-four-a. The defendant shall execute such waiver in open court, and, if represented by counsel, in the presence of his attorney, on a form to be provided by the commissioner, which shall be forwarded by the court to the commissioner within ninety-six hours. To be valid, such form shall, at a minimum, contain clear and conspicuous language advising the defendant that a duly executed waiver: (i) has the same force and effect as a guilty finding following a hearing pursuant to section eleven hundred ninety-four-a of this article; (ii) shall subject the defendant to the imposition of sanctions pursuant to such section eleven hundred

ninety-four-a; and (iii) may subject the defendant to increased sanctions upon a subsequent violation of this section or section eleven hundred ninety-two-a of this article. Upon receipt of a duly executed waiver pursuant to this paragraph, the commissioner shall take such administrative action and impose such sanctions as may be required by section eleven hundred ninety-four-a of this article.

(d) In any case wherein the charge laid before the court alleges a violation of subdivision two-a of this section, any plea of guilty thereafter entered in satisfaction of such charge must include at least a plea of guilty to the violation of the provisions of subdivision two, two-a or three of this section, and no other disposition by plea of guilty to any other charge in satisfaction of such charge shall be authorized; provided, however, if the district attorney, upon reviewing the available evidence, determines that the charge of a violation of this section is not warranted, such district attorney may consent and the court may allow a disposition by plea of guilty to another charge in satisfaction of such charge, provided, however, in all such cases, the court shall set forth upon the record the basis for such disposition. Provided, further, however, that no such plea shall be accepted by the court unless such plea includes as a condition thereof the requirement that the defendant attend and complete the alcohol and drug rehabilitation program established pursuant to section eleven hundred ninety-six of this article, including any assessment and treatment required thereby; provided, however, that such requirement may be waived by the court upon application of the district attorney or the defendant demonstrating that the defendant, as a condition of the plea, has been required to enter into and complete an alcohol or drug treatment program prescribed pursuant to an alcohol or substance abuse screening or assessment conducted pursuant to section eleven hundred ninety-eight-a of this article or for other good cause shown. The provisions of this paragraph shall apply, notwithstanding any bars to participation in the alcohol and drug rehabilitation program set forth in section eleven hundred ninety-six of this article; provided, however, that nothing in this paragraph shall authorize the issuance of a conditional license unless otherwise authorized by law.

Provided, however, that the failure to make such notations shall in no way affect a charge for a violation of subdivision two, two-a, three, four or four-a of this section.

(b) Where a law enforcement officer alleges a violation of paragraph (b) of subdivision two-a of this section and the operator of the vehicle

is a parent, guardian, or custodian of, or other person legally responsible for, a child aged fifteen years or less who is a passenger in such vehicle, then the officer shall report or cause a report to be made, if applicable, in accordance with title six of article six of the social services law.
